

Insider Filings

Let us handle your Insider Filings!

Our securities accounting services make your insider filing as easy as possible! We work with you to file transactions accurately and on time.

What do we need to get you started?

For an existing SEDI registrant all we need is your access key number to be able to file on your behalf.

For an Insider without a SEDI profile, we need:

- your contact information
- the position you hold with the issuer

- the number of holdings at the time of becoming an insider

We will work with you to ensure you are balanced to SEDI and continue filing on your behalf.
